

DETENSE ARCTICSILK®

DETENSE® mattresses reduce the static stress from your body that is accumulated throughout the day. This allows the user to get the best nights' sleep possible. By combining the best of leading sleep technologies, DETENSE® offers a comfortable and refreshing sleep experience.

With the luxurious renowned DETENSE ArcticSilk® ticking, the added benefit of Silk-feel eco fibers increases its ability to stay cool faster and longer.

DETENSE ARCTICSILK® TICKING

ADVANZE AIRE FLEX™

This revolutionary Japanese technology ensures a cooling night of sleep with increased airflow, regulating overall mattress temperature. Multi-dimensional support limits tossing and muscle activity, reducing body strains and aches. Anti-microbial and Eco-friendly.

AIRE FLEX™ MATERIAL

DR SEIJI NISHINO

"High Rebound mattress toppers facilitate core body temperature drop and enhance deep sleep in the initial phase of nocturnal sleep"

- Dr. Seiji Nishino, Emeritus professor of Psychiatry and Behavioural sciences, and Director of the Sleep and Circadian Neurobiology Laboratory at Stanford University School of Medicine.

HISTORY OF FOUR STAR

Four Star is a home-grown brand that believes a good night's sleep is never out of reach. Founded by furniture maker, Mr Neo Gim Sim, in 1968, we began as a humble outfit manufacturing mattresses by hand. For over 40 years since, we've dedicated ourselves to the mission of providing better rest at affordable price. We are trusted and approved by generations around the world, and have proudly grown with families to become a household name known for time-tested sleep solutions. Testament to our quality and comfort, Four Star has been the recipient of multiple international awards, including the prestigious International Arch of Europe Convention Award and Singapore Prestige Brand Award.

OUR MATTRESS WARRANTY

We believe in providing maximum comfort and value to our customers, our heritage and high-standards set us apart from the rest. We offer 15-years limited warranty on all our mattresses. Please refer to the warranty card or Four Star website for the detailed terms and conditions.

LOOK INSIDE

ANTI
STATIC

Reduces tension while promoting deeper sleep and less movement by discharging static electricity.

COOLING
GEL INFUSED
MEMORY FOAM

This ultra cool foam offers cushioning and sleeping comfort. Reduces motion transfer.

NATURAL
LATEX

Supports the natural curvature of the spine. With this good pressure distribution, blood circulation is improved, promoting user's pain relief. Natural resistance to mold and dust mites.

ADVANZE
AIRE FLEX™

Ventilates and improves air flow with Japan technology 3D Support. Eco-friendly and anti-microbial.

5 ZONES INDIVIDUAL
POCKETED SPRING

Conform to our body's contour, thus providing perfect support to our body.
